Every month chef Odo creates a multi-course menu highlighting the season's finest.

It is the season for fresh bamboo shoots from Kyoto.

Bamboo shoot farming in Kyoto dates back over one hundred years and utilizes traditional techniques that preserve the perfect soil conditions and are not used anywhere else. This method grows soft and naturally sweet bamboo shoots.

We at Kajitsu look forward to sharing this special food tradition with you.

The logo for Kajitsu is written in a stylized, handwritten Japanese calligraphic font. The word "Kajitsu" is the main focus, with a smaller signature or mark below it.
